

SAFETY

North Standard Assortment Unitized Kits -

North unitized first aid kits are available in five standard sizes: 6, 10, 16, 24, and 36 unit. All North standard kits are equipped with rubber gasket, carrying handle, and mounting brackets. Each kit is individually packaged in a wax-coated, durable 20#-test cardboard box.

The units contained in each standard assortment kit have been carefully selected on the basis of historical usage and anticipated need for most general industrial applications. Special assortments may be ordered to suit each user's special needs.

North Clear-Vu unitized first aid kits feature a cover constructed with a clear, high-impact plastic window, securely sealed in a steel frame. The Clear-Vu window allows for rapid and easy inspection of kit contents.

Suggested Kit Size by Number of Workers

Kit Size	General	Contractor	Transportation
6 Unit	12	3	6
10 Unit	20	5	10
16 Unit	32	8	16
24 Unit	48	12	24
36 Unit	72	18	36

NS011775	Metal, Standard Fill, 6 unit
NS011560	Metal, Standard Fill, 10 unit
NS011580	Metal, Standard Fill, 16 unit
NS011610	Metal, Standard Fill, 24 unit
NS011630	Metal, Standard Fill, 36 unit
NS011566	Clear-Vu, Standard Fill, 10 unit
NS011567	Clear-Vu, Standard Fill, 16 unit
NS011569	Clear-Vu, Standard Fill, 24 unit
NS011570	Clear-Vu, Standard Fill, 36 unit
NS011539	Plastic, Standard Fill, 10 unit
NS011561	Refill Packs, 10 unit
NS011581	Refill Packs, 16 unit
NS011611	Refill Packs, 24 unit
NS011633	Refill Packs, 36 unit
NS020795	Adhesive Bandage, 1" x 3', 16 pieces per unit
NS021635	Antiseptic Towlettes, 6 pieces per unit
NS021201	PVP Wipes, 10 pieces per unit
NS029999	Latex Gloves, Medical Grade, 4 pieces per unit
NS020374	Triangular Bandage with Pins, 1 piece per unit
NS021155	Burn Ointment, 1/8 oz., 6 pieces per unit
NS021045	Sting Kill Swabs, 10 pieces per unit
NS020667	Cold Pac, Instant, 1 piece per unit
NS020699	Eye Wash, 1 oz., 1 piece per unit
NS020768	Bandage Compress, 4" Offset, 1 piece per unit
NS020020	Knuckle Bandage, 8 pieces per unit
NS020766	Bandage Compress, 2" Offset, 4 pieces per unit
NS020855	Fingertip Bandages, 10 pieces per unit

Also with kit:

- First Aid Instructions
- National Poison Control Center Listing
- Rubber Gasket
- Carrying Handle & Hanging Bracket
- Kit Carton with Waxed Lining

North Bulk First Aid Kits -

Full line of industrial bulk first aid kits. Each kit contains a variety of components and delivers economy without sacrificing high quality. First aid products meet the highest quality standards. Kits are made, packaged, and inspected according to the FDA's Good Manufacturing Practices.

#25 Kit - appropriate for up to 25 people, 10-1/2" x 5" x 2-1/2"
NS012100

#50 Kit - perfect for small industry areas with up to 50 people, 10-1/2" x 10-1/2" x 2-1/2"
NS022101

#75 Kit - meets the needs of a plant or office with up to 75 people, 10-1/2" x 15-1/2" x 2-1/2"
NS012102

#100 Kit - suitable for a work environment with up to 100 people, 18" x 11-7/8" x 6"
NS012103

Medium First Aid Cabinet - upgraded components, including cloth bandages, triple antibiotic and tricut tape are included in kit. Designed to meet the needs of 50 to 75 employees. Contains 503 items, 15" x 10-1/2" x 4-1/2".
NS019089

Large First Aid Cabinet - complete assortment of bandages, antiseptics, and dressing provide supplies to meet the needs of 75 to 100 employees. Contains 613 items. 18" x 12" x 6".
NS019000

Deluxe First Aid Cabinet - contains the largest assortment of first aid and medical supplies necessary for treatment of most minor injuries, aches, and pains. Kit is designed to meet the needs of 100 to 125 employees. Contains 994 items. 22" x 17" x 6".
NS019001

NS032200	Antiseptic Spray, 5 oz. Can (12)

Sting Kill Swabs

NS032041	Sting Kill Swabs, 100 per carton (24)
NS021045	Sting Kill Swabs, 10 per carton (100)

Triple Antibiotic Ointment

NS032125	1 gram (1/32 oz.) Packets, 100 per carton (24)
NS020125	1 gram (1/32 oz.) Packets, 10 per carton (100)

North Body Fluid Clean-Up

Chlorinated Absorbent Beads, 8 oz. Shaker. Contains 10,000 ppm stabilized chlorine. Reduces risk and mess of cleaning body fluid spills by turning any liquid spill into a gel-like material. 6 per case.

NS127001

Econo-Kit. Economical and efficient. Contains two ounces of chlorinated absorbent beads, latex gloves, germicidal towelette, antiseptic hand cleaner, red biohazard bags, shovel, absorbent towel and complete instructions. Instructions are written in English and Spanish with detailed diagrams showing proper use of products. 12 per case.

NS127003

Flat Pak, unique sleeve box stacks neatly for storage. Our complete spill kit package includes absorbent beads, gloves, biohazard red bags, germicidal surface towel, antiseptic towelette, shovel, and absorbent towel. 6 per case.

NS127004**CPR Kits**

CPR Kit, Deluxe – Metal container contains:

2 units, 12-10-54 CPR Microshield, 1 per with Latex Gloves and Wipes
1 unit, 02-16-40 Nitrile Gloves, 4 each
1 unit, 02-16-35 Antiseptic Towelettes, 10 per (30 per case)

NS127001

CPR Kit, Standard – Metal container contains:

2 units, 12-10-51 CPR Microshield, 1 per
1 unit, 02-99-99 Latex gloves, 4 each
1 unit, 02-10-47 Alcohol Wipes, 10 per (30 per case)

NS011501

CPR Kit, Disposable – Cardboard container contains:

2 units, 12-10-51 CPR Microshield, 1 per
1 unit, 02-99-99 Latex gloves, 4 each
1 unit, 02-10-47 Alcohol Wipes, 10 per
(12 per case)

NS016000**Baby Fencing by Loop-Loc**

Loop-Loc Baby Loc Removable Fencing – a convenient way to deter toddlers from gaining access to a pool, dock, deck, or any potentially dangerous space around the house.

- Exceeds US consumer product standards – with standard 4-1/2-foot fence height and 30-inch pole spacing on center
- High quality black reinforced cored fiberglass pole construction
- Installs in minutes – Easy to put up and take down, use it whenever an extra measure of protection for young children is appropriate.
- See-through mesh doesn't obstruct view of pool, deck, or yard.

Barrier Mats, Spill Mats / Kits, and Clean-up

Battlemat Camouflage Rolls

SOAK UP oil, waste, coolants, solvents, acids, and bases!!!
Incinerates into .02% ash. Call for price, quantity, and sizing.

Slikwik Absorbent Pillows

Meet a variety of cleanup and safety needs. Excellent for absorbing spills and leaking fluids. Many kinds available, call for price and quantity.

Large Spill Truck

Polyethylene boxes are chemical and water resistant. Absorbs up to 113 gallons, available in Oil Only, Allwik, and Hazwik. Contents include: pads, SOCs, pillows, wipes, goggles, gloves, disposal bags, and handbook. Call for price and quantity.

20 - Gallon Spill Kit

UN approved water and chemical resistant polyethylene Lab Pack container with screw top lid for small to medium response. Contents include: pads, SOCs, pillows, goggles, gloves, and disposal bags. **Call for price and quantity.**

Universal Absorbent Equipment

Green dimpled chemical sorbent for hazardous materials clean-up. Available in pads, rolls, booms and particulate. Material can be used on a wide range of chemicals, minimizing the problems of hazmat spills. **Call for price and specifications.**

Spill Decks - Low profile, modular spill decks allow you to design and create a containment system that meets your specific needs. Meets EPA and UFC requirements.

- RH7401321 1 Drum Spill Deck
- RH7401086 2 Drum Spill Deck
- RH7401072 4 Drum Spill Deck

Spill Deck Bladder Systems - Small spills are captured in low profile, 100% polyethylene spill decks. 55-gallon bladders automatically unfurl from storage compartment to contain larger spills. Meets EPA and UFC requirements.

- RH7401320 1 Drum Spill Deck Bladder Syst.
- RH7401329 2 Drum Spill Deck Bladder Syst.
- RH7401330 4 Drum Spill Deck Bladder Syst.

Accessories:
 RH7401089 Ramp

Spill Pallets - These all polyethylene pallets offer 66 gallons of containment. Meets EPA Regulation 40 CFR 122-26.

- RH7401504 2 Drum Spill Pallet
- RH7401112 4 Drum Spill Pallet

Spill Pallets

Low Profile Spill Pallets - At 8 3/4" tall these spill pallets offer the lowest profile on the market. Heavy-duty construction offers exceptional weight capacities.

- RH7401610 2 Drum Spill Pallet
- RH7401630 4 Drum Spill Pallet

Funnels - The bung-access funnel is the only full drum top funnel which allows access to the 3/4" drum bung for use with pop-up liquid level gauges. The burp-free funnel features a built-in vent to prevent splashing or burping when pouring liquids.

- RH7401482 Bung-access Funnel
- RH7401651 Burp-free Funnel
- RH7401985 Pop-up Fill Gauge

Funnels

Siphon Drum Pump - The all-polyethylene construction of this pump means no leakage. It starts siphoning to a lower level or pumps to a higher level and meets OSHA requirements for steel drum pumping. The unit has a maximum delivery of 5.1 gpm, and a drain-back receptacle for receiving drippage from the discharge line. It is sized for 55 gallon drums having a 2" female IPS opening. RH7562100

Siphon Drum Pump

IBC Spill Pallet - This IBC Spill Pallet offers a large 400-gallon sump and 16,000-lb. capacity. Grates and supports are removable for quick and easy cleaning access. It meets EPA Container Storage Regulation 40-CFR 264.175, 264.177 (c), and 265.177 (c). RH7401057 IBC Spill Pallet

IBC Spill Pallet

Low Profile IBC Spill Pallet - At only 26" tall, the low profile IBC Spill pallet is the lowest IBC Spill Pallet available on the market. All polyethylene construction offers superior chemical compatibility and corrosion resistance. Meets EPA Container Storage Regulation 40CFR264.175, 264.177 (c), and 265.177 (c). Forklift-able. RH7401157 Low Profile IBC Spill Pallet

Low Profile IBC Spill Pallet

Spill Pallet Plus - Capture small leaks and nuisance spills. The only spill pallet built strong enough to handle full IBC's. Large 75-gallon sump capacity keeps floors free from drips and small spills and eliminates OSHA slip hazards for hazardous and non-hazardous spills. 4-way forklift entry. RH7401630 Spill Pallet Plus

Spill Pallet Plus

Tanks

Cylindrical Tanks - Are rotationally molded in one seamless piece with 4 resins offered HDPE, PP, XLPE, and PVDF. These heavy-duty cylindrical tanks feature rigid walls for maximum strength and durability. Cylindrical tanks have translucent walls that permit easy visual inspection of liquid levels. *Tanks are available in 5 gallons to 1000 gallon capacity.*

Cylindrical Tanks

Commercial Bulk Tank Systems - We offer a full range of vertical, closed or open top, flat or cone bottom; horizontal, including skid mounted and leg styles; Transport, including DOT exempted styles in IBC. *Please call for specifications and further information.*

Miscellaneous Tank Systems -

Tank Adapters / Bulkhead Fittings - Designed for easy adaptation and a free flow of liquids for tank or drum drainage or filling, or as outlets for distribution into a piping system. These molded tank adapters withstand many times the most extreme service requirements. *Please call for specifications and further information.*
